**HUNT****AMBER**  
INFRASTRUCTURE GROUP**Travis County Civil and Family Courts Facility**

- Austin, Texas

A consortium led by Hunt was selected by the Travis County Commissioners Court to develop a 448,000 square-foot civil and family courthouse facility to replace the Heman Marion Sweatt Travis County Courthouse, which opened in 1931. This Progressive Public-Private Partnership (P3) Project was nominated for three national P3 awards in 2020, including "Best Social Infrastructure Project" of the year. The facility is within budget, currently three months ahead of schedule, and will be completed in late 2022.
